HIGHLIGHTS OF FY'20 BUDGET

Revenues

The three major sources of revenues for the Oak Ridge Schools are Anderson and Roane Counties, the State of Tennessee, and the City of Oak Ridge.

County funds come from two primary sources, property and sales tax, and are allocated to school systems based on their proportion of students in the County. The FY'20 budget reflects a projected increase in the County funds of \$970,794 over the FY'19 budgeted amount. County funds represent approximately 28.44% of the Oak Ridge Schools FY'20 Budget.

State Funds, representing 40.55% of the total budget revenues for the Oak Ridge Schools budget, must be used for programming guidelines of the Education Improvement Act and the BEP 2.0. Increases or decreases are dictated primarily by student enrollment and fluctuations in State funds for teacher salaries and health insurance, etc. BEP 2.0 funding initiatives began in FY'08 with specific spending requirements.

The Basic Education Plan (BEP) portion of the State funds reflects an increase of \$474,137 over prior year estimate. A \$500,000 placeholder is budgeted under State Revenues for potential state grant funding unknown at this time.

Funds from the **City of Oak Ridge** are budgeted with no increase from FY'20 Budget. Overall, City funding represents approximately 26.17% of total school revenues.

A total of \$1,866,151 is budgeted to be used from General Fund Balances; \$1,666,151 coming from the Undesignated General Purpose Fund Balance, and \$200,000 from the "Committed for Other Purposes ERR Fund Balance". These funds are in excess of the 3% fund balance required by the State.

Overall, Federal Projects Revenues are projected to decrease for FY'20 by \$135,139 or (3.38%). This includes a budgeted placeholder contingency of \$500,000 for grants that may come available at a later date.

Compensation and Benefits

The proposed budget reflects a "step" to those staff on a salary schedule. This represents a cost increase of \$466,787, which includes the related benefits. This budget includes a salary adjustment of 2.5% for all staff totaling \$1,031,231.

Board paid benefit levels will be maintained at current levels. There is no projected health insurance premiums increase for Calendar Year 2020. The Board will pay for employee dental and vision premiums. Additional coverage for spouse, children or family members will be available through payroll deduction.

Staff and Students

Student Enrollment

Our current enrollment projections estimate a net increase of 71 students across the District. The breakdown district-wide is as follows: grades K-4 of 13 students; grades 5-8 of 8 students; and grades 9-12 of 50 students.

Human Resources Initiatives

The Oak Ridge Schools Human Resources Department strives to provide the best service to our employees. With this in mind, we are updating our processes and procedures to better serve our employees in the most efficient and effective way possible. With modernization and move to more digital software processes, we can make our employees' experience the best it can be.

Staff Development

The Oak Ridge Schools believe that the key to excellence of our school system will continue to be a highly qualified and dedicated staff with the encouragement and support to pursue innovative learning strategies. The goal of Oak Ridge Schools' professional development is to improve classroom instructions in order to increase student achievement, student growth, and system-wide cohesion. The budget provides opportunities at both the building level and the system level for staff development tied to district and school goals.

Special Education-At-Risk

Special education programming and services are offered to students who meet at least one of the disability categories under IDEA. To address all referrals and serve those students who are eligible, Oak Ridge Schools requires special education staff to identify the appropriate modifications, accommodations, and/or related services to create an Individualized Education Plan (IEP). All staff, association with an individual student, will be responsible for implementation of the IEP.

Technology Initiatives

The Oak Ridge Schools Access Oak Ridge digital technology plan calls for continued implementation of the 1:1 initiative for grades 2-12, replacement of computers, improved internet access, instructional and administrative software, and staff training. The technology department will continue to make technology available, capable, and reliable to students, teachers, administrators, and support staff throughout the district.

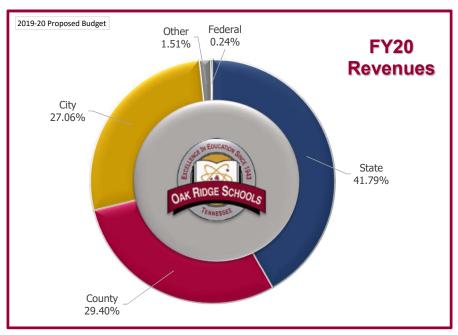

Capital Outlay/Equipment Replacement and Use of Fund Balance

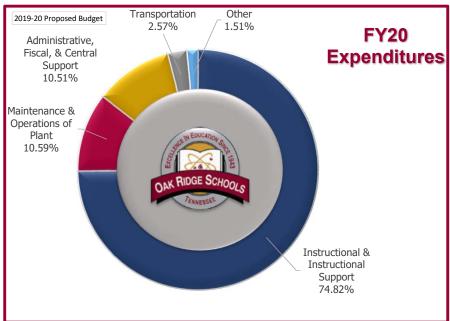

Due to insufficient funding, some high priority capital outlay projects are included in the FY'20 Budget. Through a joint effort with Oak Ridge City and ESG, various former capital improvement projects are being addressed and will be funded by making an annual payment using utilities savings.

Summary

The FY'20 Proposed General Purpose School Fund Budget totals \$59,195,445, which is an increase of \$2,479,077 or 4.37% compared to FY'19. The overall budget including Federal Projects Fund, Central Cafeteria Fund, the Extended School Program and Special Revenue Fund, totals \$66,070,862, which represents an increase of \$2,515,460 or 3.96% compared to FY'19.

30000 Reserves and/or Fund Balances

Reserves are funds left unspent from the previous year and are designated for a specific purpose. Fund Balances are left unspent from the previous year without designation but are restricted in their use to non-recurring uses. TCA 49-3-352(c) states 'Any fund balance remaining unexpended at the end of a fiscal year in the general fund of a local public education system shall be carried forward to the subsequent fiscal year. Such fund balance shall be available to offset shortfalls of budgeted revenues or, subject to provisions of TCA 49-2-301(f)(23), shall be available to meet unforeseen increases in operating expenses. The accumulated fund balance in excess of three percent (3%) of the budgeted annual operating expenses for the current fiscal year may be budgeted and expended for nonrecurring purposes but shall not be used to satisfy appropriation requirements for recurring annual operating expenses.

71300 Career/Technical Education Prg

The Technology-Career Program includes learning experiences acquired through activities designed to prepare students to enter a career or pursue additional technical-career training after high school. Major elements include the costs for teachers, teacher assistants, textbooks, instructional supplies and instructional equipment. Revenues for this section consist of local, county, and state funding. Additional funding for this program is accounted for under the federal Carl Perkins Vocational Act funds.

30000 Reserves and/or Fund Balances

Reserves are funds left unspent from the previous year and are designated for a specific purpose. Fund Balances are left unspent from the previous year without designation but are restricted in their use to non-recurring uses. TCA 49-3-352(c) states 'Any fund balance remaining unexpended at the end of a fiscal year in the general fund of a local public education system shall be carried forward to the subsequent fiscal year. Such fund balance shall be available to offset shortfalls of budgeted revenues or, subject to provisions of TCA 49-2-301(f)(23), shall be available to meet unforeseen increases in operating expenses. The accumulated fund balance in excess of three percent (3%) of the budgeted annual operating expenses for the current fiscal year may be budgeted and expended for nonrecurring purposes but shall not be used to satisfy appropriation requirements for recurring annual operating expenses.

FY20 BENEFITS SUMMARY

Each section of the budget includes appropriate line items for benefit categories. A detailed explanation of each benefit category is included here rather than repeating the same information in each section.

Social Security (Object 201) Object includes all costs of the FICA employer share for personnel. The matching cost is 6.2% of applicable wage.

<u>State Retirement</u> (Object 204) Object includes the employer costs for contributions to the Tennessee Consolidated Retirement System (TCRS). Employer costs for licensed employees is 10.63% of applicable wages for FY'20. The contribution for non-licensed personnel is 10.06% of applicable wages. Employees contribute an additional 5%.

<u>Life Insurance</u> (Object 206) Object includes costs for a \$50,000 group term life insurance program, including accidental death and dismemberment coverage, for all full-time employees.

Medical Insurance (Object 207) Object includes the school system's contribution for group health insurance. Beginning January 1, 2000, the school system moved to the State Health Insurance Program and began to pay premiums rather than actual claims. Beginning in FY'05, the Board's contributions to premiums were 85% of the Single Premium and 70% of the Family Premium. Previously, the Board's share was 85% of the Single Premium and 65% of the Family Premium. There is no projected increase for Calendar Year 2020.

<u>Dental Insurance</u> (Object 208) Object includes the cost of the employee benefit. Employees can elect optional spouse and/or family coverage(s) via payroll deductions. Dental insurance will not increase in FY20.

<u>Medicare Insurance</u> (Object 212) Object includes the employer costs for the Medicare contribution. The matching costs are based on 1.45% of applicable wages.

<u>Vision Insurance</u> (Object 299) Object includes the cost of the employee benefit. Employees can elect optional spouse and/or family coverage(s) via payroll deductions. Vision Premiums will increase by 5% in FY20.

Two additional benefits are budgeted on a system wide basis. These are Unemployment Compensation and Worker's Compensation.

<u>Unemployment Compensation</u> (See 72310-210) Account covers projected unemployment compensation. Oak Ridge Schools is required by federal law (P.L.94-566) to budget funds to cover payment of unemployment compensation to eligible employees.

<u>Worker's Compensation</u> (See 72310-513) Account covers the system wide premiums for Worker's Compensation insurance. Costs for this expenditure are based upon salaries of employees, their work classification, and other claims experience.
