

OAK RIDGE SCHOOLS DISCIPLINE CODE

A HANDBOOK FOR PARENTS,
STUDENTS AND STAFF

Oak Ridge, Tennessee
July, 2018

To Students, Parents and Oak Ridge Schools Staff:

One of the responsibilities that I hold most seriously is the obligation to provide a safe and secure environment for all students who participate in our school programs. There can be little learning without discipline. A safe and orderly school environment is critical in providing a conducive environment where students can maximize their academic and personal development. We can expect our students to take full advantage of their educational opportunities only when they are able to attend school without fear. Our students must understand their rights and responsibilities in relationship to achieving the maximum from every educational experience. They must acknowledge that there are clear expectations for appropriate behavior and that violations of school rules will lead to prescribed consequences. Student discipline should be firm, fair, and consistent, and should be focused on changing inappropriate behavior.

It is the purpose of the Oak Ridge Schools Discipline Code booklet to provide the framework for governing student policies related to disciplinary expectations, procedures and responsibilities approved by the Board of Education. This publication provides to students, parents, school personnel, and the public a concise and comprehensive description of the minimum standards of behavior for all students enrolled in the public schools of Oak Ridge. It defines appropriate student conduct and presents a menu of alternatives to be employed by school administrators and staff to address individuals who exhibit inappropriate behavior. Emphasis is placed upon the right of all students to accept the challenge of maximizing their educational program through responsible behavior and academic achievement.

To establish a standard of student conduct, each school principal is required by state law to recommend a student's expulsion when the student:

- Is in possession of a firearm
- Assaults a staff member
- Distributes, possesses or consumes illegal substances during a school activity.

Parental involvement and support have a great effect on student conduct. Together we can provide strong discipline and rigorous academic programming in our schools. I ask that you as a parent assist us in this process by discussing the Oak Ridge Discipline Code.

Please keep this code booklet for reference throughout the school year. Should you have any questions concerning any information included in this document, please do not hesitate to talk with your school principal or the Director of Pupil Services at 425-9009.

Sincerely,

Bruce Borchers

Dr. Bruce Borchers
Superintendent

INTRODUCTION

Every student in the State of Tennessee is guaranteed the right to a free, public education. With this right, the student must accept the responsibility to know, understand, and follow the rules, policies, and laws of the State, the local community, and the school system. The Discipline Code is that set of rules, policies, and laws by which order is maintained for the benefit of all. Rules and regulations are needed to provide a safe and orderly atmosphere in the school so teachers can teach and students can learn. The most important factors in discipline are communication and cooperation among all participants: students, teachers, parents, school administrators, and the community.

According to Tennessee law, school systems are required to establish a code of acceptable behavior and discipline that is uniformly and fairly applied to all students. The code shall contain the type of behavior expected from each student, consequences of failure to obey such standards, and the importance of standards in maintaining an atmosphere where orderly learning is possible and encouraged. This booklet constitutes the official Code of Acceptable Behavior and Discipline for the Oak Ridge Schools as required by Tennessee law. This Code was revised and adopted by the Board in June, 2016. (Tennessee Code Annotated (TCA) 49-6-4017 and Section III of Board of Education Policies)

The purpose of this publication is to discuss what is meant by discipline, to define the various responsibilities necessary to achieve discipline and to acquaint the reader with the various rules, regulations, policies and laws that govern the behavior of students.

We hope you will use this handbook along with the more detailed information contained in other handbooks and publications prepared by the individual schools. We also ask for your continued support and cooperation in maintaining a school environment, which supports the teaching/learning process.

Common Notations for Legal References

As you read this handbook some legal references are used. Below is a list of common legal abbreviations used in this document, as well as many of the building level handbooks. We are providing these references simply for your information.

TCA - Tennessee Code Annotated - A compilation of Tennessee laws

ORCC - Oak Ridge City Code - The regulations and ordinances governing the city

BEP - Board of Education Policies - Board approved guidelines for operation of the schools

USC - United States Code (USC) - Compilation of Federal laws

SECTION I

AUTHORITY TO DISCIPLINE/PROCESS TO DISCIPLINE

Range of Authority

Behavior problems are dealt with using procedures and consequences that vary based on the age of the student, severity of the offense, and the frequency of the offenses. **Disciplinary procedures are not limited to those occurring on school campuses, but include all school-related activities and even nonschool-related activities if the student's behavior is directly linked to school events.** The Tennessee State Law recognizes the right of school personnel to act in the place of the parent in situations where school personnel are responsible for the students.

Rights of the student

The principal or principal's designee at the building level administers disciplinary actions. Students referred for a disciplinary violation are entitled to explain their side of the story and to place their conduct in what they consider to be the proper context. This is done in an informal administrative conference prior to administering any disciplinary action (except in an emergency situation).

Tennessee Code Annotated (TCA 49-6-3401) gives a school principal or his designee the authority to suspend a student for various rule violations. When out of school suspension is used the principal/designee will generally meet with the parent to develop a plan of improvement upon re-entry of the student. A written plan of improvement will always be developed if the suspension exceeds five school days. Students and parents may from time to time disagree with the action taken by the principal. The procedure to be followed when such a disagreement occurs is outlined in the "Rights to Reviews and Appeals" section of this handbook.

Oak Ridge Board of Education Expectations

The Oak Ridge Schools Board of Education has established this handbook as policy and expects that parents and school staff will work in close cooperation to ensure student success, both academically and behaviorally. In order to achieve this goal, it is anticipated that staff and parents will communicate routinely, and definitely, whenever there is a concern regarding student progress. By establishing and maintaining close contact, parents and teachers can prevent or minimize discipline problems as well as maximize student growth.

Minor Behavior Problems

In the event that minor problems involving students in a particular class cannot be managed by close contact between the teacher and the parent, the student's school counselor may be consulted. If this step does not bring satisfactory results, the principal or assistant principal should be contacted and a conference held with all parties involved.

Frequent or Serious Misbehavior

Student misbehavior, which occurs frequently or is of a serious or disruptive nature to the classroom or school, may result in suspension, expulsion, or assignment to an “alternate class.” The principal, DHA, or Board of Education may require participation in specific behavior modification/treatment programs (at parent expense) as a condition of continued attendance or in lieu of suspension or as a condition of re-entry after a suspension.

SECTION II **LEVELS OF MISBEHAVIOR AND DISCIPLINARY OPTIONS**

This section identifies levels of misbehavior, the disciplinary procedure typically used to address a specific category of misbehavior, and the discipline options available to a teacher and/or principal for the various types of misbehavior. The following levels, procedures, and options are designed to protect all members of the educational community in the exercise of their rights and duties.

SECTION III

EXPLANATION OF STAFF ROLES AS RELATED TO DISCIPLINE

This section of the handbook attempts to clarify the roles of school staff related to the disciplining process. Key staff in the discipline process is identified at both the building and system-wide levels.

Teacher

Plans and provides classroom activities and programs to develop each student's potential. Creates a positive learning atmosphere conducive to learning for all students. Manages the classroom environment so that the learning by all students is not disrupted by student misbehavior. Works closely with parents to prevent or minimize disruptive

behavior. Employs positive consequences to reinforce appropriate behavior. Refers students for administrative discipline as appropriate.

Counselor

Provides individual or group counseling, consults with parents about student's learning and social development and assists school personnel in planning programs to meet student needs. Assists students, parents, and staff in the development of behavior improvement plans.

School Resource Officer (SRO)

A SRO is a police officer assigned by Oak Ridge City Police Department to the Oak Ridge City Schools. These uniformed officers visit schools and interact with students in order to develop positive relationships, teach drug resistance and other similar pro-social programs. They help to establish a safe school tone by their visibility and presence. They are available to assist staff with emergency situations or investigate criminal activity. Should the SRO have to assist school officials with inappropriate student behavior, please be aware that the police may follow up with criminal charges. SRO's are considered school staff and have access to all directory information related to students.

Assistant Principal/Administrative Assistant

Handles student discipline problems and mediates teacher-student conflict. She/He assists the principal in administering the school program including the discipline policy.

Principal

Assumes responsibility for total school program, students, and staff. This position has a duty to develop and maintain a safe and orderly school environment.

Pupil Services: Director, Supervisors/Coordinators

Assumes system-wide responsibility for such areas as attendance, guidance, residency issues, student discipline, student health services, and alternative school placement. The Pupil Services Director is also the Title VI, IX, X and 504 Compliance Officer for student concerns.

Discipline Hearing Authority (DHA)

The Discipline Hearing Authority is a Board of Education designee. This means that the Oak Ridge Board of Education has established the Discipline Hearing Authority to **hear and rule on appeals related to student suspensions that exceed ten (10) days.**

The DHA is made up of Oak Ridge School staff who is not involved in the situation that resulted in the student being suspended from school. Members of the DHA for any specific student's hearing would not be under the authority of the principal that suspended the student and are therefore able to be impartial in their judgment of the student's behavior.

A DHA hearing is not open to public audiences like a Board of Education hearing would be. This gives the student and family more confidentiality and privacy in presenting their appeal. A parent or student may appeal (in writing and within five working days or receipt of a written DHA decision) the decision of the DHA to the Superintendent. However, upon review of the written record of the DHA hearing, the Superintendent may decide to simply affirm the DHA decision; or may lessen the discipline administered; or may decide to hear the case in an open Board of Education meeting. Appeals to the Board will be open meetings unless the parent/guardian has officially requested a closed meeting. In cases where the state law or Board of Education Policy requires "zero tolerance" for substantiated rule violations, the Superintendent of Schools has final authority over consequences to be administered on a case by case basis.

Special Education Services: Supervisor

Assumes system-wide responsibility for special education, speech and hearing, and psychological testing.

Superintendent of Schools

Is responsible for the total educational program which includes the development of the discipline code. Has authority to modify zero tolerance consequences on a case by case basis.

Board of Education

When acting at officially called meetings, the Board collectively determines school policy and provides overall direction for school programs. The Board may act on appeal of disciplinary actions taken by the Oak Ridge Schools Discipline Hearing Authority. However, consequences administered for zero tolerance offenses may only be modified by the Superintendent of Schools.

SECTION IV

Specific guidelines have been established for revocation of cross boundary or tuition status. (See policy in section “Other School Information”)

This section attempts to define terms commonly used by school staff. It is also believed that this section will further explain potential consequences or actions that may occur for specific types of rule violations. These terms are arranged in alphabetical order.

Attendance and Enrollment

Under the Tennessee Compulsory School Attendance Law, all children between the ages of six and seventeen, both inclusive, are legally required to attend school (TCA 49-6-3001). Students less than 6 years of age who have been enrolled in school for 6 weeks or more are subject to the same attendance regulations as other students of compulsory school age (TCA 49-6-3007). Students entering first grade are required to have completed a State-approved kindergarten program (TCA 49-6-201). Students not in school on any day for at least half the time for which they are enrolled will be

considered absent for state reporting. This includes students not in school half the abbreviated day.

Per 49-6-3007, after a child has five (5) unexcused absences without adequate excuse, their parent(s)/guardian(s) will receive a notice stating that the child's attendance at school is required. Upon the next unexcused absence, a referral may be made to the Anderson County Juvenile Court and a Truancy petition may be issued. If after notice to the juvenile court is given, either the child or parent(s)/guardian(s) do not immediately conform to school attendance guidelines, additional referrals shall be made to either law enforcement, the Tennessee Department of Children's Services, and/or the juvenile court where appropriate. The legal consequences issued by the Court for unlawful absences can result in criminal charges for educational neglect which is a Class C misdemeanor per TCA-49-6-3009 (amended). Parents can also be fined up to \$50.00 per day, given community service or be ordered to serve time in the county jail.

In collaboration with the Anderson County District Attorney's Office and the Oak Ridge Police Department, a truancy review support system is in place. Parents will be notified via phone calls, school personnel contact and US mail that their child has the potential of being petitioned to court for truancy and the parent could be prosecuted for educational neglect. Included in the appendices are the steps for reporting truancy by school personnel and the steps in place across the district.

Students are expected to:

- Be present and on time for all assigned classes (skipping classes will count as unexcused absences).
- Present documentation of parental permission before checking out of school. Class absences as a result of early checkout are considered the same as any other absence and are subject to all attendance policy rules.
- Provide a written excuse for each absence from his/her parent or custodial parent giving the date and reason for the absence(s).
- Make up assigned work missed during excused absences.

Excused Absences: Students must be in school unless the absence has been excused for one of the reasons listed below. It is the responsibility of each student's parent/guardian to explain the student's absence to the school in a manner satisfactory to the principal. Absences may be classified as either excused or unexcused as determined by the principal or his/her designee. Absences will only be excused for the following reasons:

1. Personal illness

- a. Only seven days, whether consecutive or not can be excused by a parent note;
- b. After a child has had (7) days, not necessarily consecutive, of illness related absences excused by a parent note, **any future illness related absence must have a doctor's note stating that the absence is medically necessary.**

- c. All parent and doctor notes must be turned into the school within three school days of the child returning to school.
2. Death in the family
3. Religious observations
4. Extreme weather conditions
5. Court appearance or legal mandates
6. Verifiable family emergency
7. School sponsored events
8. Principal has discretion to excuse absences based on the following:
 - a. The absence must be prearranged
 - b. The absence must not have an adverse affect on the child's academic standing
 - c. The child must have a good attendance history
 - d. The child must have a good behavior record
 - e. The Director of Schools must agree

Any absence that does not fit any of the criteria listed above will be considered unexcused. The criteria listed above will also apply to tardies and early dismissals.

A student is considered legally truant following **five (5)** cumulative unexcused absences (**TCA 49-6-3007**).

The Board of Education may excuse children from compulsory attendance in accordance with guidelines developed by the State Board of Education (TCA 49-6-3005). Students may be subject to withdrawal from Oak Ridge Schools after ten consecutive unexcused absences or fifteen unexcused absences during a semester (TCA 49-6-3017[c]). In cases of IEP students, the IEP team will convene to discuss appropriate options available.

Bullying

It is the policy of the Oak Ridge Schools to maintain a learning environment that is free from allegation and bullying due to a student's race, color, sex, sexual orientation, gender identity, national origin or disability. The Oak Ridge Schools prohibits all forms of bullying, including cyber bullying and harassment.

It is a violation of state and district policy for any student, teacher, administrator or other school personnel of this district to bully or tolerate bullying as defined by this policy (TCA 49-6-1014, 49-6-1016). **Bullying** is defined as any act that substantially interferes with a student's educational benefits, opportunities or performance, takes place on school grounds, at any school-sponsored activity, on school provided transportation, or at any official school bus stop, and that has the effect of (1) physically harming a student or damaging a student's property; (2) knowingly placing a student in reasonable fear of physical harm to the student or damage to the student's property; or (3) creating a hostile educational environment. Behavior of this nature may result in the following but is not limited to, disciplinary actions per school board policy:

Two days in school suspension and parent conference held
Two days out of school suspension and parent conference held
Five days out of school suspension

Ten days out of school suspension and referral to Disciplinary Hearing Authority

Any continued bullying behavior will be subject to expulsion

The school system will act to promptly investigate all complaints, formal or informal, verbal or written for alleged incidents of bullying. Bullying/Allegation forms are available in each school office and is also located in the back of the handbook. The form should be completed by the student and given to the school administrator or building designee. The school will follow up by conducting an investigation and submitting a copy of the final disposition to the Director of Pupil Services.

Cyberbullying is the use of cell phones, instant messaging, e-mail, chat rooms, social networking sites or other type of digital technology to harass, threaten, discriminate or intimidate others. If a student receives a text, email, blog, comment, social network post or message via other Web 2.0 tool that makes them feel uncomfortable or is not respectable, they must follow the steps mentioned above to report the incident to the school administrator or building designee and must not respond to comment.

Bus Conduct

Students are expected to follow the rules and regulations established by the Oak Ridge Schools' Transportation Policies. All students will be responsible to:

Computers, Computer Networks, and the Internet

(Revised Acceptable Use Policy explained in detail on page 31-34) Students in grades 5-12, please see the Access Oak Ridge Handbook located in the back of the Discipline Handbook.

Students are responsible for good behavior on school computers and personal computers brought to school for use at school, and computer networks just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply.

The school computer network is provided for students to conduct research and to communicate with others. Independent access to the Internet is provided to students who agree to act in a considerate and responsible manner. Parent permission is required for minors. Access is a privilege, not a right. Access entails responsibility.

Individual users of the district computer networks are responsible for their behavior and communications over those networks. It is presumed that users will comply with district standards and will honor signed agreements.

Network storage areas may be considered analogous to school lockers. Network administrators, school site administrators, and teachers may review files and communications to maintain system integrity and to insure that users are using the system responsibly. Users should not expect that files or communication stored on district servers are private.

During school, teachers of younger students will guide them toward appropriate materials. Outside school, families bear the responsibility for such guidance.

The following actions are not permitted (inclusive of, but not limited to):

7. Trespassing in the folders, work, or files of others
8. Intentionally wasting limited resources

SECTION VI

RIGHT TO REVIEW ADMINISTRATIVE DECISIONS

All administrative decisions made under this code are subject to review or appeal. The Tennessee State Law does not provide an appeals process for short-term suspension (less than 10 days); however, a parent may request an external review of the disciplinary action. A review can only be conducted after the parent has attempted to resolve the concern with the principal. The purpose of a review is to confirm that the principal's action is consistent with this Discipline Code and consistent with the discipline administered to other students committing similar offenses (the principal's disciplinary action will be implemented during a review). The Director of Pupil Services would conduct this review and report to the Superintendent of Schools.

Any inconsistencies noted in the review will be addressed by the principal and the Superintendent of Schools/Designee. If a student or parent disagrees with the finding of this level review, he/she may ask the Superintendent of Schools to review the situation with the Board of Education. However, a principal acting with consistency to the discipline code may not be overruled on judgment calls related to administering discipline of less than ten (10) days suspension.

General concerns, grievances, and concerns related to discipline **consequences of less than ten (10) days of suspension** (includes short term suspension, detention, exclusion, etc.) would generally be reviewed in the following sequence:

Principal - Pupil Services Director - Superintendent of Schools - Board of Education

RIGHT TO APPEAL ADMINISTRATIVE DECISIONS

Expulsion or suspension beyond 10 days is a legal action of the Board of Education, or their appointed designee (e.g. Disciplinary Hearing Authority or the principal, vice-principal, or teacher-principal). A formal appeals hearing may be conducted for any student suspended in excess of 10 days or expelled by a principal. Students appealing a long-term suspension and expulsion are entitled to:

- Consideration of placement in the alternative program
- Legal counsel and right to have witness testimony
- Timely written notice detailing the incident and written notice of all hearings
- A presentation of case and a presentation of the evidence against him/her
- A written summary of the findings

Appeals of discipline actions where the consequences exceed ten (10) school days will follow the following sequence:

Principal - DHA - Superintendent of Schools (Zero Tolerance Offenses) - Board of Education

Additional safeguards are provided for students with disabilities. For additional information and procedures related to disciplining disabled students, please contact the Office of Pupil Services at 425-9009.

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the school system receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Parents may request a copy of records for a fee of 10 cents per page.
2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading.

Parents or eligible students may ask the Oak Ridge Schools to amend their record. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the school system decides not to amend the record as requested by the parent or eligible student, the school system will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent or not to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorized disclosure without consent. One exception, which permits disclosure without consent is disclosure to the school officials with legitimate educational interests.

A school official is a person employed by the school system as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the school system has contracted to perform a special task (such as an attorney, auditor, Food Services, medical consultant, transportation or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the Oak Ridge Schools will disclose education records without parental consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education

concerning alleged failures by the school system to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605

REQUIRED FEDERAL NOTICES UNDER NO CHILD LEFT BEHIND (ESSA)

Parents may request, in accordance with public records policy, information about the professional qualifications of their child's classroom teacher by contacting the Human Resources office.

If a child is the victim of a violent crime at school, the child has the right to attend another grade-appropriate public school in the district if the applicable offense is identified and defined in T.C.A. 40-38-111(g).

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) NOTICE OF DIRECTORY INFORMATION

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Oak Ridge Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the school may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow Oak Ridge Schools to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists; including the website and newspaper;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.
- Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. If parents want to opt out of the disclosure of Directory Information, release for student work and/or photographs on the Oak Ridge Schools websites, opt out forms are available in the school's main office or guidance department. Please notify the building level principal of your request for this form and return it to the school office.
- Oak Ridge Schools has designated the following information as directory information:

- Student's name
- Address
- Telephone listing
- Electronic mail address
- Photograph
- Date and place of birth
- Major field of study
- Dates of attendance
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams

Acceptable Use Policy for Accounts on the Oak Ridge Schools' Education Network

The purpose of the Oak Ridge Schools' Education Network (ORSEN) is to support education, particularly in the areas of research and communications, by providing access to a multitude of electronic resources and the opportunity to collaborate with other individuals and groups. Computers and networks can provide access to local resources, as well as the ability for worldwide communications. Such open access is a **privilege** and requires that individual users act responsibly. Users must respect the rights of others, respect the integrity of the computer network, and observe all relevant laws and regulations.

All users are subject to existing laws (federal and state) and ORSEN policies, including not only those laws and regulations that are specific to computers and networks but also those that apply generally to personal conduct. Users are expected at all times to base their actions on rules of common courtesy and respect for others. Misuse of computing, networking, and information resources may result in the loss of computing privileges and/or other appropriate disciplinary actions up to and including suspension or expulsion. Additionally, misuse can be prosecuted under applicable statutes. A specific example – illegal reproduction of software protected by United States Copyright Law is subject to civil damages and criminal penalties.

All users are warned that no guarantee of privacy is made. Users should not transmit information which they would not want intercepted by others. They also should be very cautious in including personal information in communications that could be viewed by strangers.

Responsibilities of ORSEN users shall include the following:

- Users accept the responsibility for all material sent from and/or stored in their account.
- Users will not download copyrighted software, inappropriate text and graphic files, or files dangerous to the integrity of the network.
- Users will regularly delete electronic messages and any unnecessary files to limit the storage space being utilized by their account.
- Users have the responsibility to report inappropriate use of the network and violations by others to the Network Account Manager.
- Users will limit the storage space utilized on network servers to the maximum amount established by the network administrators.

Examples of misuse include, but are not limited to, the activities in the following list:

- Using a computer account, other than your own, that you are not authorized to use.
- Obtaining a password for a computer account, other than your own.
- Using ORSEN to gain unauthorized access to any computer system.
- Knowingly performing an act which will interfere with the normal operation of computers, terminals, peripherals, or networks.
- Knowingly running or installing on any computer system or network, or giving to another user, a program intended to damage or to place excessive load on a computer system or network. This includes but is not limited to programs known as computer viruses, Trojan horses, and worms.
- Attempting to circumvent data protection schemes or take advantage of security loopholes for inappropriate uses.
- Violating terms of applicable software licensing agreements or copyright laws.

- ☒ Deliberately wasting computing resources; such as, but not limited to: leaving unattended processes running; downloading, transferring and/or storing material that might be considered to be sexually explicit or vulgar.
- ☒ Using electronic mail to harass others, including but not limited to, the use of vulgar or offensive language and terms.
- ☒ Masking the identity of an account or machine.
- ☒ Posting materials that violate existing laws or ORSEN's policy.
- ☒ Sending chain letters over the network or "broadcasting" messages to lists or individuals which would cause congestion of the networks or otherwise interfere with the work of others.

Internet Safety

- The District will utilize filtering software or other technologies to prevent students from accessing visual depictions that are obscene, pornographic or harmful to minors. The use of anonymous proxies to get around the content filter is strictly prohibited and will be considered a violation of this policy. The school will also monitor the online activities of students through direct observation and/or technological means.
- Social networking resources will be for **educational purposes only** and will be conducted with proper supervision. This shall include the teachers having documentation of the students' username and password on file and being able to monitor the account. No personal addresses, personal phone numbers or last names of students will be permitted to be given out on the Internet
- A student may not attempt to access any Internet resource without the prior consent of the teacher. The Internet is an extension of the classroom and teachers are responsible for and must be aware of where his/her student goes on the Internet. Parents and children should discuss these Internet Safety issues, which will also be addressed through the iSafe program at our schools.

Personal Safety

- Recognize ways personal information provided on the Internet can be used to harm users
- Make responsible choices when accessing pages online
- Revise screen/usernames and/or passwords to apply safety standards as needed
- Refuse to communicate with strangers who exhibit grooming tactics
- Refuse to meet face-to-face with Internet strangers and/or consult parents
- Recognize and report suspicious behavior by an online stranger to a trusted adult
- Communicate safely online

Online Bullying (Cyber bullying)

- Discuss why netiquette is an important part of being a good online citizen
- Be polite. Use appropriate language and graphics. No swearing, vulgarities, suggestive, obscene, belligerent or threatening language.
- Avoid language and/or graphic representations which may be offensive to other users.
- Don't use network or Internet access to make, distribute or redistribute jokes, stories or other material which is based on slurs or stereotypes relating to race, gender ethnicity, nationality, religion or sexual orientation.
- Practice netiquette when communicating with others on the Internet.
- Identify various safety risks when online, including cyber allegation and cyber predation.
- Develop resources to cope with online bullying.

Social Networking

- Understand the concept of personal identifying information.
- Relate how revealing personal information can increase online security risks.
- Identify various security risks when online such as scams, spam and identity theft.
- Become familiar with the various types of online communities, including dangers and benefits associated with online social networking and tips for safe and secure online communication.

Creation of Web-Accessible Materials

The user, exercising his/her privilege to use the Internet as an educational resource, shall also accept the responsibility for all material created and/or sent under his/her account. Web authors will:

- Not present copyrighted images, music or text on Web pages without specific written permission from the copyright owner.
- Properly credit non-copyrighted images, music and text to the author and retain materials that establish authorship and the lack of copyright.
- Waive all privacy rights to information that student publishes on the Internet.

Web Pages

- All Web pages are subject to initial approval and on-going review and should reflect the mission and character of the District and school.
- All Web pages that reside on ORSEN Web servers shall reflect the character and mission of the District, school or school group creating or maintaining the Web page. Pages shall have a clear purpose and contain meaningful information.
- All Web pages that become a part of the Oak Ridge Schools Website must be created in the context of a course and under the supervision of an instructor.

Blogging/Podcasting

- Blogs, podcasts or other web 2.0 tools are considered an extension of your classroom. Therefore, any speech that is considered inappropriate in the classroom is also inappropriate in all uses of blogs, podcasts or other web 2.0 tools.
- Any personal blog a student creates in class is directly linked to the class blog which is typically linked to the student profile, and therefore must follow these blogging guidelines. Comments made on blogs should be monitored and – if they are inappropriate – deleted.
- Students using such tools agree to not share their user name or password with anyone besides their teachers and parents and to treat blog spaces as classroom spaces.

Copyright Guidelines for Multimedia Projects

*Educational multimedia projects which incorporate portions of copyrighted works under these guidelines may be used for **educational purposes** and for curriculum-based learning activities. Students:*

- Must seek individual permissions for all copyrighted works incorporated in their personal multimedia projects before reproduction and distribution.
- May incorporate portions of lawfully acquired copyrighted works when producing their own educational multimedia projects for a specific course, for one-time use (i.e. not accessible electronically via the web or broadcasted).
- May perform and display their own educational projects in the course for which they were created and may use them in portfolios as examples of their academic work or for job and college entry interviews.
- Are advised to exercise caution in using digital material download from the Internet in producing

their own projects because there is a mix of works protected by copyright and works in the public domain on the network. Access to works on the Internet does not automatically mean that these can be reproduced and reused without permission or royalty payment and, furthermore, some copyrighted works may have been posted to the Internet without initial authorization of the copyright holder.

Respectful Conduct

Truancy Reporting Steps

Step One – Parent/Guardian will receive an automated Skylert Message informing them that their child has accumulated 3 unexcused absences.

Step Two – Parent/Guardian will receive an automated Skylert Message, a letter from the Oak Ridge School System as well as a letter from General Dave Clark, Anderson County District Attorney, informing them that their child has accumulated 5 unexcused absences. In addition, the student will be referred to General Clark and placed on the truancy watch list.

Step Three – School staff will contact parents/guardians to inform them that their child has accumulated 7 unexcused absences.

Step Four – Once a student has accumulated 10 unexcused absences the following actions will take place:

- ⇒ Parent/Guardian will receive an automated Skylert Message.
- ⇒ Parent/Guardian will receive a truancy letter.
- ⇒ General Dave Clark, Anderson County District Attorney, will send a written notice directing parents/guardians to attend a Truancy Review and Support Meeting.
- ⇒ Parents/Guardians choosing to attend the Truancy Review and Support Meeting will have the opportunity to participate in the Diversion Program. Participating in the Diversion Program will allow parents to avoid having a Truancy Petition filed against their child as well as the possibility of being charged with Educational Neglect.
- ⇒ The following action will take place if a parent/guardian chooses not to attend the Truancy Review and Support Meeting. A Truancy Petition will be filed against the student and parents/guardians risk the possibility of being charged with Educational Neglect.

Step Five - For the families that participate in the Diversion Program and sign a contract, we will continue to monitor student attendance and review attendance plans. Truancy Petitions will be filed against students who continue to accumulate unexcused absences and parents/guardians risk the possibility of being charged with Educational Neglect.

4 time of enrollment that they shall be subject to testing for drugs and alcohol during the school year.¹ The
5 board will pay costs of any testing required pursuant to this policy.²

6 **Reasonable Suspicion Drug Testing**

7 Principals are authorized to order drug tests for individual students when there is a reasonable cause to
8 believe that:³

- 9 1. A school board policy on alcohol and drug use has been violated;
- 10 2. A search of lockers produced evidence of the presence of drugs and/or alcohol;
- 11 3. A search of persons and containers has produced evidence of a presence of drugs and/or alcohol;
- 12 4. A search of vehicles has produced evidence of the presence of drugs and/or alcohol; or
- 13 5. Through observation or other reasonable information reported by a teacher, staff member or other
14 student that a student is using and/or under the influence of drugs and/or alcohol on school
15 property.

16 Prior to performing a drug test on a student based on reasonable suspicion, the following conditions must
17 be met:

- 18 1. A particular student has violated school policy;
- 19 2. The test will yield evidence of the violation of school policy or will establish that a student either
20 was impaired due to drug use or did not use drugs;

- 23 3. The test is in pursuit of legitimate interests of the school in maintaining order, discipline, safety,
24 supervision and education of students;

5 2. Summon an appropriate qualified witness;

6 3. Discuss with the student the basis for the determination that a test is necessary;

7 4. Inform the student of the procedures which shall be followed in administering the test;

8 5. Notify the parent or guardian of the student of the impending test; and

9 6. Give the student an opportunity to decline the test and inform the student that if the test is not
10 taken the penalty shall be suspension from school and a hearing before the disciplinary hearing
11 authority.

12 **Random Drug Testing of Students Participating in Extracurricular Activities⁴**

13 Students involved in any voluntary extracurricular activities shall be subject to random drug tests.
14 Parents and students will be informed of this policy prior to participation and shall sign a consent to the
15 drug testing and a release of information as a condition of participation.

16 Extracurricular activity is defined as voluntary participation in activities not falling within the scope of
17 regular curriculum and carrying no academic credit. This includes participating in athletic programs,
18 cheerleading, band, clubs, student leadership positions, etc.

19 Prior to performing a random drug test on a student participating in extracurricular activities, the

25 supervision and education of students;

26
27 3. The test is not conducted for the sole purpose of discovering evidence to be used in a criminal
28 prosecution; and

29
30 4. Tests shall be conducted in the presence of a witness. Persons who shall act as witnesses shall be
31 a contracted facility to conduct the tests and report findings to the Director of Pupil Services.

32 No student who tests positive under a random drug testing program shall be suspended or expelled from
33 school solely as the result of the positive test.⁵

1 **Drug Testing Process**

2 The Director of Pupil Services will provide information about the contracted facility to the parent and
3 student. The parent or guardian will contact the contracted facility to set a date and appointment time for
4 the facility to collect a specimen from the student. The specimen shall be taken in a manner which will
5 ensure the integrity, validity, and accuracy of the test results but are minimally intrusive and provide
6 maximum privacy to the tested student.

7 The type of specimen taken shall depend on the substance in question and the test performed on the
8 specimen shall be appropriate for accurate detection of the substance in question. Once taken, the
9 contracted facility shall give the specimen an identifying number which in no way will reveal the identity
10 of the student.

11 The contracted facility will forward the specimen for analysis to a laboratory accredited by the Tennessee
12 Department of Health and Environment and designated by the Board. Specimens confirmed as positive
13 shall be retained for ten (10) days.⁶

14 Upon receiving a written, certified copy of the analysis from the laboratory, the Director of Pupil
15 Services shall do one of the following:⁷

- 16 1. If the results of the analysis are negative, they shall be reported as negative and all evidence of
17 the individual test, including all records in the school that the test was ordered and the reasons
18 therefore, shall be destroyed and expunged.
19
- 20 2. If the results of the analysis are positive, the student and parents or guardian shall be given the
21 written notice of the result. All records of the test, request for a test or indication a student has
22 been tested shall be confidential student records in accordance with state law.

23 **Penalties**

24 Each confirmed incident will result in a referral to the Youth Services Officer (YSO). The YSO will
25 provide students testing positive an assessment to determine the severity of the student's alcohol and
26 drug problem and a recommendation for referral to intervention or treatment resources as appropriate.⁸

27 First offense students will be suspended from all extra-curricular activities for one calendar year.

28 Second offense students will be suspended from all extra-curricular activities for duration of time
29 enrolled or re-enrolled in the Oak Ridge school system.

30 Malicious use of authority granted by this policy by any school personnel may be grounds for
31 dismissal.⁹

Technology Device Procedures and Expectations

For 5th – 12th Grade Students and Parents/Guardians

2018-2019

District Policies and Procedures

The Board of Education policies that are relevant to the use of Technology Devices include:

- 4.406: Use of Internet
- 6.309: Zero Tolerance Offenses (Electronic)
- 6.311: Care of School Property
- 6.313: Discipline Procedures
- 6.709: Student Fees and Fines

These policies can be found on the Oak Ridge Schools Webpage at <https://www.orn.edu/>. Navigate to Central Office > Board of Education > Policies.

Expectations

Receiving a Technology Device

System-wide training will occur for each school's student device deployment.

- Parents/guardians are required to attend and/or view a training for all students who receive a technology device.
- Parent/guardians and students must sign the Oak Ridge Schools Technology Device Agreement online before the device can be issued to the student.
- Students will use technology devices in a manner consistent with all Board of Education policies, district procedures and school rules.

Students will not receive their technology devices until their parents/guardians have attended and/or viewed a training session and signed the appropriate paperwork.

Returning a Technology Device

- The individual's school technology device and accessories (technology device and charger, as well as protective covering provided by the school, and a stylus in some grade levels/courses) must be returned to the school at the end of each school year.
- Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment for any other reason must return their school technology device on the date of termination.
- Students who transfer from one school within the district to another school in the district must turn in their devices before transferring. The devices will be checked for damage and then will be sent to the student's new school by the Technology Department.
- If a student fails to return the technology device at the end of the school year

or upon termination of enrollment, that student/parent/guardian will be subject to **the replacement cost of the device**. The technology devices are property of Oak Ridge Schools.

- The student will be responsible for any damage to the technology device, charger, protective covering, and/or stylus (if applicable). The student/parent/guardian will be charged for any needed repairs, not to exceed the replacement cost of the technology device.
- If the student/parent/guardian has unpaid penalties, a student transcript can be withheld; alternatively, the new school will be notified about the penalties.

Throughout the remainder of this document, the term **Technology Device** includes the device, charger, protective covering, and stylus, if applicable. A bag strap will be issued upon request.

Technology Device Use

- The care of the district technology device is the student's responsibility. Students should not lend their technology device to another person. If a student lends their device to another, the student who lent the device is responsible for any damages that take place as a result. Each technology device is assigned to an individual student and the responsibility for the care of the technology device rests solely with that student.
- Students should never leave their technology device unattended. When not in a student's possession, it should be in a secure, locked environment.
- **Students need to charge their technology device each night at home so that it is fully charged when they arrive to school each day.**
- If a student is a day user, the student must pick up his/her device before school or during breaks between classes and return the device at the end of the day.
- Failure to bring the district issued technology device (no personal home device) or other class materials does not release a student from his/her responsibility for class work. If a student repeatedly fails to bring materials to class, including the technology device, progressive discipline procedures will be followed.
- **The technology device is the property of the Oak Ridge Schools and may be collected and inspected at any time. Students have no right to privacy for any material on a technology device.**
- Each technology device has a unique serial number and asset tag. Students should not modify or remove the tag. If a label has been damaged or has fallen off, the student must return the device to Student Helpdesk so that a new label can be made and placed on the device.
- Students should not write on, draw on, or add stickers or labels directly to the technology device. No other form of tampering will be permitted.
- It is the student's responsibility to back up projects and content.

- Students may add music subscription services to their computer. This information may be inspected on the technology device and inappropriate, graphic, or offensive material may be removed.
- If a student's technology device is not working or is damaged, the student **must** report the problem immediately to the Student Helpdesk.
- If a student's technology device is lost or stolen at school, the student **must** report the loss immediately to the school administration. If a student's technology device is lost or stolen outside of school, parents/guardians must report the loss immediately to the local police and obtain a police report. If student's technology device is lost or stolen at an unknown location, please treat it as if it had been lost or stolen outside of school.
- Students are responsible for using the technology device according to school and district policies and procedures.

Technology Device Guidelines

Care and Maintenance

- Technology devices should NEVER be picked up by the lid. Students should close the technology device before it is picked up.
- Students will use the school issued protective covering at all times.
- When carrying the device to and from school campus, it is expected that the device will be placed in a backpack, bag, or other carrying case.
- It is recommended that if students use a backpack, then the technology device should always be placed in the backpack with the port side facing up.
- Technology devices should be kept at room temperature and should NOT be exposed to extremes of hot or cold. Students should **NOT LEAVE their technology device in a vehicle. Students should not leave their technology device outside.**
- Liquids and food should not be used/consumed in the vicinity of the technology device.
- The device should not be in a place where someone could accidentally sit or step on it.
- Devices can be tripping hazards when they are charging. Please be very careful to charge your device in such a manner that others will not trip over the wire.

Cleaning the Technology Device

- Cleaners, sprays, alcohol, ammonia or abrasives should not be used on the technology device.
- Technology devices should be cleaned with a soft, lint-free cloth.

Technology Device Parent/Guardian Guide

The following are suggestions to promote safe use of the technology device in your

home.

- Monitor your child's home use of the Internet with the technology device.
- Provide a place in an open area of your home, such as the kitchen or family room, where the technology device will be used.
- Use the Internet with your child to help develop safe Internet habits. One suggested resource is NetSmartz at <http://www.netsmartz.org/internetsafety>.
- Frequently ask to see your child's technology device and ask how it is being used.
- Review with your child the programs installed on the technology device and ask them what each program does.
- Do not hesitate to contact your school if you have any questions or concerns about the technology device.

Maximize Battery Life

Students should use the technology device in a way that maximizes its battery life.

- **Energy:** The Energy Saver control panel offers several settings that determine power levels for the technology device. The technology device knows when it is plugged in, and runs accordingly. When on battery power, it will dim the screen and use other components sparingly. If you change this setting to maximize performance, your battery will drain more quickly.
- **Brightness:** Students should dim the screen to the lowest comfortable level to achieve maximum battery life. For instance, when watching a video in a dark room, you may not need full brightness.
- **AirPort Wireless:** AirPort consumes power, even if you are not using its features to connect to a network. You can turn it off in the control panel to save power.
- **Bluetooth Wireless:** Likewise, you can turn off Bluetooth to maximize your battery life, as it also consumes power when not in use.
- **Applications and peripherals:** Disconnect peripherals and quit applications not in use.

Repair and Replacement Guidelines

The following is designed to be a guide and reference for dealing with issues related to student technology device damage with the understanding that the goal is for every student to have an operational device. Typically, issues will arise over one of the following: Theft, Non-preventable Damage, Preventable Damage/Negligence, and Willful Damage/Recklessness.

Theft/Non-Preventable Damage

- For Theft:
 - The theft **must** be reported as soon as possible.

- An administrator will meet with student and parent/guardian in order to investigate the theft.
- A police report is required to document a theft.
- After a police report is submitted, the student will be a day user during the time of the investigation. Upon finalizing the report, a student may be issued a new computer.
- For *non-preventable Damage* (these are rare, but examples might include, but are not limited to an auto accident or a house fire),
 - An administrator will meet with student to investigate the incident and discuss with parent/guardian as necessary.
 - Upon determination of a verifiable accident, the student will be issued another computer.

Preventable Damage/Negligence

- **Damage must be reported as soon as possible**, within a window of one week from the time of the damage unless the damage occurs during a break; in this case, the damage must be reported within one week of the student's return to school.
- The parent/guardian and student have accepted responsibility for the technology device and therefore are liable for the damage penalty of \$50.
 - If the computer is still functional and it is level 1 damage, the damage penalty can be paid through May 10th and the student will still be able to use the device while waiting for repair. If another incident of level 1 damage occurs, there will not be an additional penalty.
- If the computer is no longer functional or internal components are exposed, it is level 2 damage. In this case, the computer needs to be turned in immediately and the penalty will be due at that time.
- If the adaptor is damaged and must be replaced, the parent/guardian and student are liable for a penalty of \$45.
- If the bag is damaged and must be replaced, the parent/guardian and student are liable for a penalty of \$32.
- If a stylus is damaged and must be replaced, the parent/guardian and student are liable for a penalty of up to \$45.
- If a student damages a laptop, charger and bag at the same time, the maximum damage penalty is still \$50.
- If a student damages a laptop and has been assessed a damage penalty of \$50 and then damages a loaner computer, the student will be assessed another damage penalty of \$50.
- An administrator will meet with student to investigate the incident and discuss with parent/guardian as necessary.
- Student will become a desktop user until the damage penalty is received, unless it is level 1 damage as indicated above. This is true if a student damages the laptop, charger, or bag. Principals may make an exception to this rule if the family has started payment and has an agreed-upon payment plan for the remainder of the penalty.

- The replacement cost of the device, charger or bag cannot be satisfied by families themselves purchasing their own replacement device, chargers or bags.

Willful Damage/Recklessness

- The parent/guardian and student have accepted responsibility for the machine and therefore are liable for the cost of the repair or replacement of the device.
- An administrator will meet with student to investigate and discuss with parent/guardian as necessary.
- Student will become a "day user" until the cost of the repair or replacement is received. If the payment is not received within 30 days, the student will be removed from day user status, and will only be able to use classroom desktop machines. Principals may make an exception to this rule if the family has started payment and has an agreed-upon payment plan for the remainder of the charge.
- The replacement cost of the device, charger or bag cannot be satisfied by families themselves purchasing their own replacement device, chargers or bags.
- The cost of repairs will be assessed for each reported incident.
- Please note that willful damage also includes asset tags and power supply identifiers. It is not acceptable for a student to intentionally remove asset tags and identifiers.

Multiple offenses should be handled appropriately and in consultation with the district office if necessary.

If a student owes a penalty at the beginning of the school year based on the previous school year, the penalty will have to be paid before a device is issued. Principals may make an exception to this rule if the family has started payment and has an agreed-upon payment plan for the remainder of the charge.

Discipline starts over at the beginning of each school year.

Damage Matrix

The following table summarizes the consequences of the various damage scenarios for the laptop:

| Damage | Financial Consequence | Additional Consequence |
|--|-------------------------------|---|
| Unintentional/First Offense/Level 1 Damage (even if there is more than one incident in the school year) | \$50 penalty | |
| Unintentional/Second Offense (excluding Level 1 damage) | \$50 additional penalty | 1 month probationary period as a day user |
| Unintentional/Third Offense | \$50 additional penalty | Day user for the remainder of the school year |
| Unintentional/Fourth Offense | \$50 additional penalty | The student will only be able to use classroom desktop devices |
| Intentional Physical Damage | Cost of repair or replacement | Day user for the remainder of the school year & suspension |
| Intentional Operational Damage | Cost of repair or replacement | Day user for the remainder of the school year & suspension |
| Intentional Physical Damage by a Day-User Student | Cost of repair or replacement | The student will only be able to use classroom desktop devices & suspension |
| Intentional Operational Damage by a Day-User Student | Cost of repair or replacement | The student will only be able to use classroom desktop devices & suspension |

Acceptable Use Policy

Student Internet Safety

Students will be instructed in safe and responsible use of the Internet using readily available and age appropriate tools and information, as the curriculum permits. Students must abide by all laws, this Acceptable Use Policy and all district security policies when using the district network. For additional information regarding students and internet safety, please refer to the Student Discipline Handbook.

Cyberbullying

Per release of the FCC (Federal Communications Commission) and CIPA (Children's Internet Protection Act), students and staff shall not use cell phones, instant messaging, e-mail, chat rooms, social networking sites, or other type of digital technology to bully, threaten, discriminate, or intimidate others. If a student or staff member receives a text, e-mail, blog comment, social network post, or message that makes them feel uncomfortable or is not respectful, they must report the incident to the school administrator or building designee, and they must not respond to the comment.

Also prohibited is "cyber baiting", a term used for students deliberately provoking a teacher until they lose their composure in order to capture video that is then posted in a public forum online.

Web 2.0

Oak Ridge Schools users with access to or using Web 2.0 products including but not limited to blogs, wikis, podcasts, Google applications and social networking sites as part

of their student assignments are required to keep personal information out of their postings. All activities are limited to usage in association with activities of Oak Ridge Schools. The Website cannot be used for personal financial gain, to express personal or political opinions, or to editorialize. The Technology Staff reserves the right to reject all or part of a proposed or posted Webpage.

- Links from pages housed on the Oak Ridge Schools' Website to personal blogs, social networking sites, advertisements unrelated to school system business, and/or personal web pages are prohibited.
- Students and staff will not post or release student family name, password, user name, email address, home address, or other information that could help someone locate or contact a student in person.
- Caution will be used when photographs of any students are included on Web pages. Group photographs without names are preferred for all students.
- Speech that is inappropriate for class is not appropriate on Web 2.0 tools. Users are expected to treat others and their ideas online with respect.

Parent/Guardian Consent

We recognize that parents/guardians of minors are responsible for setting and conveying the standards their children should follow when using media and information sources. Accordingly, before a student may independently access the Internet, the student's parent/guardian must be made aware of the possibility that the student could obtain access to inappropriate material while engaged in independent use of the Internet. The parent/guardian and student must consent to the student's independent access to the Internet and to monitoring of the student's communication by school personnel.

Privacy

No right of privacy exists in the use of technological resources. Users should not assume that files or communications accessed, downloaded, created or transmitted using school district technological resources or stored on services or hard drives of individual computers will be private. School district administrators or individuals designated by the Superintendent may review files, observe screen activity, monitor all communication and intercept e-mail messages to maintain system integrity and to ensure compliance with board policy and applicable laws and regulations. School district personnel will endeavor to monitor on-line activities of individuals who access the Internet via a school-owned computer. Under certain circumstances, the school may be required to disclose such electronic information to law enforcement or other third parties, for example, as a response to a document production request in a lawsuit.

Security/Care of Property

Security on any computer system is a high priority, especially when the system

involves many users. Users are responsible for reporting information security violations to appropriate personnel. Users should not demonstrate the suspected security violation to other users. Unauthorized attempts to log onto any school system computer on the network as a system administrator may result in cancellation of user privileges and/or additional disciplinary action. Any user identified as a security risk or having a history of problems with other systems may be denied access. Users of school district technology resources are expected to respect school district property and be responsible in using the equipment. Users are to follow all instructions regarding maintenance or care of the equipment. Users may be held responsible for any loss or damage caused by intentional or negligent acts in caring for computers while under their control. The school district is responsible for any routine maintenance or standard repairs to school system computers.
