

Using Browser Tools for Read Aloud

If you need read aloud tools, we have a couple of built in options for frequently used tools.

CHROME

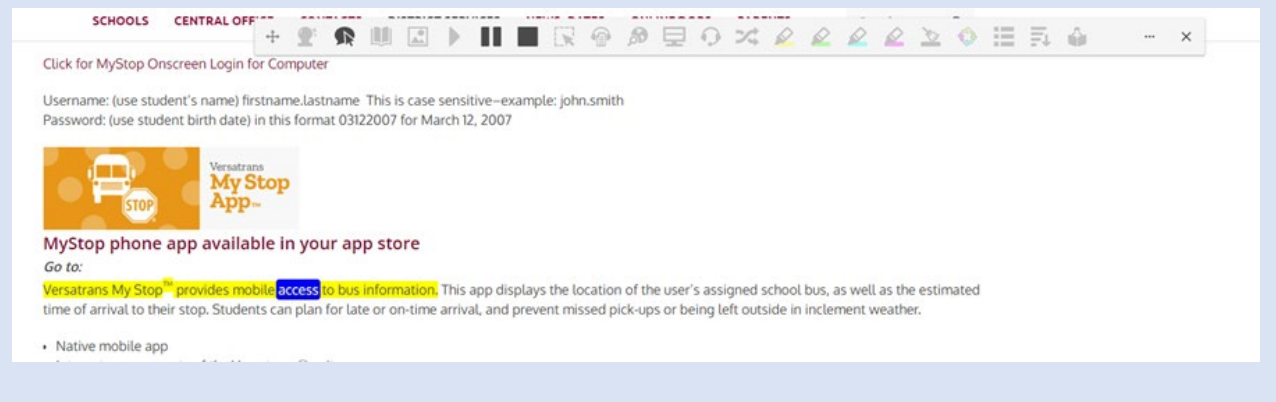

In Google Chrome, students should see Read & Write puzzle piece icon. They should click on it.

This bar will pop up.

They can highlight text on a web page and just press play.

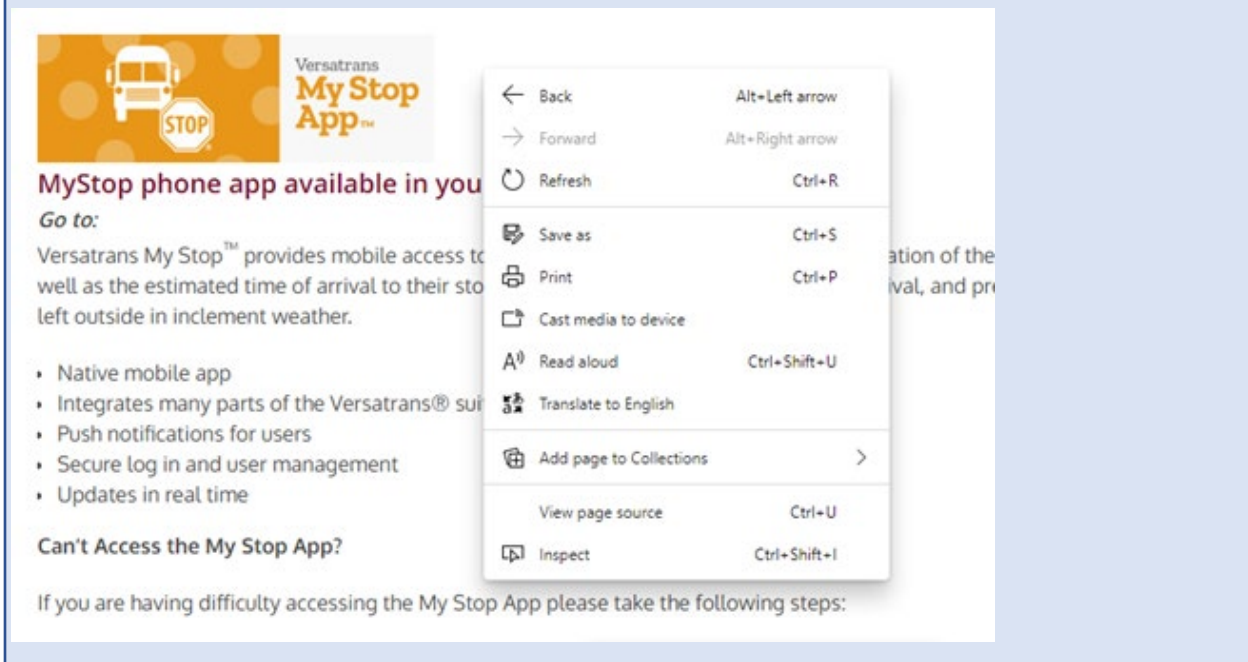

Using Browser Tools for Read Aloud

If you need read aloud tools, we have a couple of built in options for frequently used tools.

EDGE

In Microsoft Edge, read aloud is built in the browser. Just right click and press Read Aloud

The screenshot shows a web page with a right-click context menu open. The menu items are: Back (Alt+Left arrow), Forward (Alt+Right arrow), Refresh (Ctrl+R), Save as (Ctrl+S), Print (Ctrl+P), Cast media to device, Read aloud (Ctrl+Shift+U), Translate to English, Add page to Collections, View page source (Ctrl+U), and Inspect (Ctrl+Shift+I). The 'Read aloud' option is highlighted. The background text on the page includes the 'Versatrans My Stop App' logo and a heading 'MyStop phone app available in your app store'. Below the heading, there is a paragraph and a bulleted list of features.

Versatrans My Stop App™

MyStop phone app available in your app store

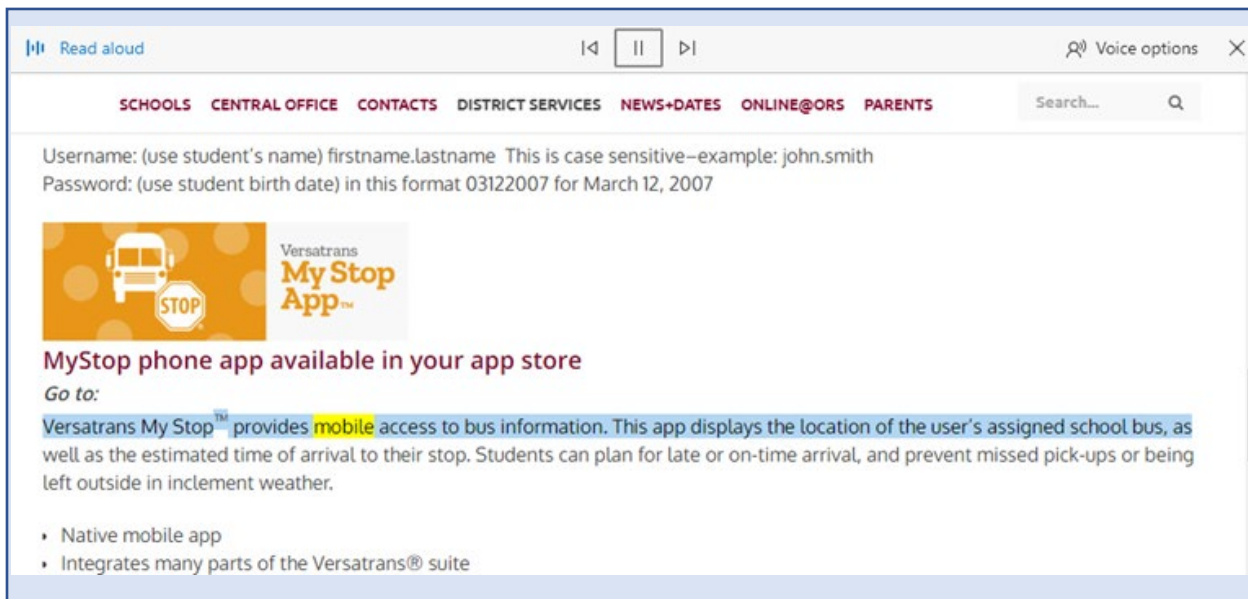

Go to:

Versatrans My Stop™ provides mobile access to bus information. This app displays the location of the user's assigned school bus, as well as the estimated time of arrival to their stop. Students can plan for late or on-time arrival, and prevent missed pick-ups or being left outside in inclement weather.

- Native mobile app
- Integrates many parts of the Versatrans® suite
- Push notifications for users
- Secure log in and user management
- Updates in real time

Can't Access the My Stop App?

If you are having difficulty accessing the My Stop App please take the following steps:

The screenshot shows the same web page as above, but with the 'Read aloud' feature activated. The browser's address bar shows a play button icon and the text 'Read aloud'. The page content is the same as in the previous screenshot, but the text 'Versatrans My Stop™ provides mobile access to bus information. This app displays the location of the user's assigned school bus, as well as the estimated time of arrival to their stop. Students can plan for late or on-time arrival, and prevent missed pick-ups or being left outside in inclement weather.' is highlighted in blue.
